

List of 352 (59 women and 293 men) political prisoners sentenced to execution or in danger of death sentence

A brief clarification:

This document is a list of some of the political prisoners in Iran sentenced to execution or in danger of being given death sentence.

Since the emergence of the "**Woman, Life, Freedom**" movement, Iran has established itself as the country with the highest number of recorded executions in the world (excluding China). Starting on **December 28, 2025**, with the onset of a new wave of mass protests, the regime has responded with unprecedented repression. For instance, on **January 8 and 9, 2026**, state forces carried out massacres resulting in over 30,000 victims during the demonstrations, in addition to making tens of thousands of arbitrary arrests.

Year	Executions in the world	Executions in Iran	% Iran / World	Daily average of executions in Iran
2022	825	576	70%	1,7
2023	1153	853	74%	2,3
2024	1518	975	64%	2,7
2025	There are no verified data yet	2028 Home - Iran HRS		5,6
2026	There are no verified data yet	685 Home - Iran HRS		6

The recorded execution data worldwide does not include China

On 20 February 2026, UN human rights experts called on the Iranian authorities to immediately take the following actions: halt all executions and death sentences, including those linked to the protests; disclose the fate and whereabouts of disappeared persons; release all those arbitrarily detained during and after the protests; and guarantee their due process rights. <https://www.ohchr.org/en/press-releases/2026/02/iran-un-experts-demand-transparency-and-accountability-following-nationwide-tutm-source=chatgpt.com>

In February 2026, Amnesty International reported on the death penalty in connection with nationwide protests in rushed and unfair trials, with allegations of torture and denial of legal assistance. It called on UN member states and international bodies to take coordinated diplomatic action: <https://www.amnesty.org/en/latest/news/2026/02/iran-children-among-30-people-at-risk-of-the-death-penalty-amid-expedited-grossly-unfair-trials-connected-to-uprising/tutm-source=chatgpt.com>

Narges Mohammadi Nobel Peace Prize(imprisoned): *The Islamic Republic is exposing the Iranian people to war and resorting to intensified repression, terror, and increased executions and mass arrests. I hope that international human rights organizations will not remain silent.*

Undoubtedly, international support for those on death row, particularly through **sponsorship**, has helped save the lives of many of them. **On the last page of this list is explained how to be a political sponsorship of a prisoner**

Due to the regime's **lack of information transparency**, it is impossible to provide an exhaustive list of the thousands of citizens accused of "**War against God/Enmity against God**" (**Moharebeh**), a charge that carries the death penalty. Below is a partial list of those currently on death row.

How can you be a political sponsorship of a prisoner?

Choose a political prisoner from this list (it is also possible to choose more than one) and:

1. **Publish on social networks** (X, Facebook, Instagram...) that accept political sponsorship of this person, for example:

Through this message, I assume the political sponsorship of **NameOfPrisoner**, who is at risk of execution in Iran. I demand the immediate suspension of this death sentence and urge the release of **NameOfPrisoner**.
I call on the Government and the European Commission to exert pressure on the Iranian regime to halt this injustice.

2. **Send an email to the Iranian embassy** in the EU (Belgium) to request that the execution be stopped and to inquire about his legal and physical situation. For example:

To: secretariat@iranembassy.be

Subject: To the Attention of Head of Judiciary Mr. Gholamhossein Mohseni Ejei

I am, of the **Parliament(or City Council)** of, and as a human being and a committed democrat, I firmly oppose the death penalty, particularly in the case of political prisoners. Regrettably, Iran has the highest rate of executions per capita in the world.

I want to express my deep concern regarding the situation of **NameOfPrisoner** and my interest in knowing both the legal status and physical condition of this person. I also request the annulment of the death penalty and the immediate release of **NameOfPrisoner**.

I look forward to your response.

3. From time to time, post some news on social media about that prisoner's situation
