(01/03/2022): Amnesty International warns of the danger of execution after a manifestly unfair trial tainted by allegations of torture aimed at obtaining confessions from the 7 Kurds.

Update: (01/11/2023) According to his cellmate (in prison): The entire trial didn't last even two minutes, and in that session, the judge Maghiseh said:

"Firstly, you are Kurdish, this is a death sentence!

Secondly, you are Sunni, this is the second death sentence,

and thirdly, you have Salafist beliefs, this is the third death sentence

... So, end of the trial!"

How can you be a political sponsorship of a prisoner?

Choose a political prisoner from this list (it is also possible to choose more than one) and:

1. Publish on social networks (X, Facebook, Instagram...) that assumes political sponsorship of this person, for example:

Through this message, I assume the political sponsorship of **NameOfPrisoner**, who is at risk of execution in Iran. I demand the immediate suspension of this death sentence and urge the release of **NameOfPrisoner**.
I call on the Government and the European Commission to exert pressure on the Iranian regime to halt this injustice.

2. Send an email to the Iranian embassy in the EU (Belgium) to request that the execution be stopped and to inquire about his legal and physical situation. For example:

To: secretariat@iranembassy.be

Subject: To the Attention of Head of Judiciary Mr. Gholamhossein Mohseni Ejei

I am, of the Parliament of, and as a human being and a committed democrat, I firmly oppose the death penalty, particularly in the case of political prisoners. Regrettably, Iran has the highest rate of executions per capita in the world.

I want to express my deep concern regarding the situation of **NameOfPrisoner** and my interest in knowing both the legal status and physical condition of this person. I also request the annulment of the death penalty and the immediate release of **NameOfPrisoner**.

I look forward to your response.

3. From time to time, post some news on social media about that prisoner's situation
