✉ UTEEIRAN@gmail.com

Latest Update: February 11, 2024

To: Leaders of the Western Countries, United Nations, European PARLIAMENT, and Human Rights Organizations

Subject: Urgent Appeal to address Disturbing Human Rights Violations in Iran

Your Excellencies,

We, the undersigned, urgently bring to your attention the alarming escalation of Human Rights violations by Islamic Regime in Iran, particularly the disturbing surge in executions documented by Amnesty International. Recent data reveals Iran as the second-highest executor globally, following China.

Human Rights Organization Hengaw reports depict a concerning rise in executions, totaling 823 in Iran alone, accounting for more than 65% of known global executions.

We implore the United Nations and the international community to intervene promptly in this matter and exert your influence to overturn all death penalties. The systematic use of the death penalty as a tool of repression has increased after the WOMAN, LIFE, FREEDOM movement, demands immediate attention. We urge you to mobilize every resource at your disposal to intervene swiftly and decisively in advocating for the right to life.

Holding President Raisi, Supreme Leader Khamenei, and all implicated judges accountable for their involvement in torture, and extrajudicial executions is imperative. We seek justice for the victims and demand their trial before the International Court of Justice and relevant national authorities.

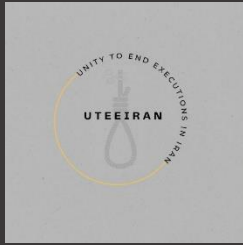

The Islamic Regime in Iran must be held accountable for its actions, and therefore we demand that for every politically murdered prisoner:

- Expel one Islamic Regime diplomat from your countries.
- Put 10 officials from the Islamic Revolutionary Guard (IRGC) or/and the judiciary leaders on the sanctions list.
- Exclude a predetermined product group from Islamic Regime in Iran's trade with those countries where it applies.

Your prompt attention to this matter is crucial in ensuring justice, upholding Human Rights, and fostering a world where such atrocities find no haven.

Yours Sincerely,

PS. Please see the attached list of 90 people facing death sentences.
