

List of **66 women** political prisoners sentenced to execution or in danger of death sentence

A brief clarification:

This document is a list of some of the political prisoners in Iran sentenced to execution or in danger of being given death sentence.

Since the emergence of the "**Woman, Life, Freedom**" movement, Iran has established itself as the country with the highest number of recorded executions in the world (excluding China). Starting on **December 28, 2025**, with the onset of a new wave of mass protests, the regime has responded with unprecedented repression. For instance, on **January 8 and 9, 2026**, state forces carried out massacres resulting in over 30,000 victims during the demonstrations, in addition to making tens of thousands of arbitrary arrests.

Year	Executions in the world	Executions in Iran	% Iran / World	Daily average of executions in Iran
2022	825	576	70%	1,7
2023	1153	853	74%	2,3
2024	1518	975	64%	2,7
2025	Amnesty International	Amnesty International	Iran: 80% of the world's recorded executions	Approx. 6 executions per day
2026	There are no verified data yet	757 Home - Iran HRS		Approx. 6 executions per day

The recorded execution data worldwide does not include China

On 20 February 2026, UN human rights experts called on the Iranian authorities to immediately take the following actions: halt all executions and death sentences, including those linked to the protests; disclose the fate and whereabouts of disappeared persons; release all those arbitrarily detained during and after the protests; and guarantee their due process rights. https://www.ohchr.org/en/press-releases/2026/02/iran-un-experts-demand-transparency-and-accountabilityfollowing-nationwide?utm_source=chatgpt

On May 18, 2026, Amnesty International reported that the Iranian authorities executed at least 2,159 people in 2025—more than double the number in 2024. This figure represents nearly 80% of all recorded executions worldwide.

On May 28, 2026, Amnesty International about iran: using the cover of “wartime conditions” to intensify repression through mass arrests, executions and harsh prison sentences, and asset confiscations <https://www.amnesty.org/en/latest/news/2026/05/iran-mass-arrests-arbitrary-arrest-and-political-executions-mass-intensifying-repression/>

Narges Mohammadi Nobel Peace Prize(hospitalized, sentence stopped): *The Islamic Republic is exposing the Iranian people to war and resorting to intensified repression, terror, and increased executions and mass arrests. I hope that international human rights organizations will not remain silent.*

Undoubtedly, international support for those on death row, particularly through **sponsorship**, has helped save the lives of many of them. **On the last page of this list is explained how to be a political sponsorship of a prisoner**

Due to the regime's **lack of information transparency**, it is impossible to provide an exhaustive list of the thousands of citizens accused of "**War against God/Enmity against God**" (**Moharebeh**), a charge that carries the death penalty. Below is a partial list of those currently on death row.

This list can be viewed using this QR code:

How can you be a political sponsorship of a prisoner?

Choose a political prisoner from this list (it is also possible to choose more than one) and:

1. **Publish on social networks** (X, Facebook, Instagram...) that accept political sponsorship of this person, for example:

Through this message, I assume the political sponsorship of **NameOfPrisoner**, who is at risk of execution in Iran. I demand the immediate suspension of this death sentence and urge the release of **NameOfPrisoner**.
I call on the Government and the European Commission to exert pressure on the Iranian regime to halt this injustice.

2. **Send an email to the Iranian embassy** in the EU (Belgium) to request that the execution be stopped and to inquire about his legal and physical situation. For example:

To: secretariat@iranembassy.be

Subject: To the Attention of Head of Judiciary Mr. Gholamhossein Mohseni Ejei

I am, of the **Parliament(or City Council)** of, and as a human being and a committed democrat, I firmly oppose the death penalty, particularly in the case of political prisoners. Regrettably, Iran has the highest rate of executions per capita in the world.

I want to express my deep concern regarding the situation of **NameOfPrisoner** and my interest in knowing both the legal status and physical condition of this person. I also request the annulment of the death penalty and the immediate release of **NameOfPrisoner**.

I look forward to your response.

3. From time to time, post some news on social media about that prisoner's situation
